

Jamison Lahman — Resumé

Mountain View, CA 94041 — 📞 650-550-0490 — ✉ jamison@lahman.dev — 🌐 [JmeLahman](#)

Summary

Software Engineer with 8+ years of experience as a generalist across platform, backend, frontend, DevOps, and tooling. Spent 6 years at a high-growth startup, owning critical infrastructure through scale. Deep expertise in Python including major migrations (Python 2→3, cross-platform support, Cython). Led developer operations across a large, multi-language monorepo. Maintained hybrid bare-metal and cloud auto-scaling CI/CD infrastructure. Recently focused on Go for developer tooling.

Experienced with: Git, Docker, Bazel, Buildkite, AWS, Ansible, Terraform, Github Actions, and Kubernetes.

Experience

Software Engineer - Platform — Applied Intuition, Inc., Mountain View, CA Nov 2020 - July 2025

- Re-architected packaging and releasing of microservices as part of a migration from a monolithic application, reducing feature lead times by weeks and deployment times by hours.
- Introduced ephemeral, auto-scaling cloud infrastructure, cutting costs by 80%, eliminating p99 wait times in CI, and supporting 10× operational growth over 3 years.
- Led internal DevTools efforts (static typing, linting, formatting, code coverage), reducing production failures by an estimated 30%.

Quality Assurance Engineer — Applied Intuition, Inc., Mountain View, CA Apr 2019 - Nov 2020

- Migrated from Selenium to Playwright, reducing end-to-end test runtimes by 60% and false positives by 20% while maintaining coverage.
- Replaced file-based test selection with build dependency queries, reducing CI p50 time by 20 minutes and reducing total compute cost by 40%.
- Owned CI/CD infrastructure including on-prem and cloud (Azure, AWS EC2) servers, test selection and orchestration, build health, and data pipelines.

Software Quality Operations — Waymo LLC, Mountain View, CA June 2017 - Apr 2019

- Investigated simulator crashes and test failures as first-pass triage.
- Created custom Google Sheets integrations with Apps Script and Dremel SQL, saving a day of manual effort per week.

Education

Bachelor of Science in Applied Physics — Ohio University, Athens, OH Aug 2014 - Apr 2017
Minor in Mathematics
